OUR STORY FREESET FAIR TRADE ORGANIC PRESS RETAIL STOCKISTS

OUR STORY

Liminal apparel is about providing fair trade organic t-shirts and bags for people to apply their ideas too. We've chosen to stock only fair trade organic products, which makes us part of a movement working towards better ways of global trading.

On top of this, we invest our profits into the communities that produce our product. That money is used to help ourgrowers develop their communities. It's not the total answer to the huge issues of poverty, but is part of the solution.

So every time you buy from liminal apparel you not only get a great t-shirt or bag, you also join us as part of the story to help our growers and producers get a fair crack at life. That seems fair to us.

OUR STORY FREESET FAIR TRADE ORGANIC PRESS RETAIL STOCKISTS

WHOLESALE

SHOP

Freeset exists specifically to provide freedom for women from the sex trade, women who were forced into prostitution by trafficking or poverty. These women didn't choose their profession - it was chosen for them.

Now, they're being offered a real choice. When they choose to work at Freeset, they can start new lives, regain dignity in their communities, and begin a journey towards healing and wholeness.

All profits from Freeset in Kolkata benefit the women (salary, health insurance and retirement plan) and are used to grow the business. This means more women can be employed and experience freedom.

The great thing is, when you buy a Freeset product, you directly participate in a woman's journey to freedom.

OUR STORY FREESET

SHOP

We believe business has lost its way in the world. For too long profit has been more important than people and sourcing cheap resources has been at the expense of the environment.

WHOLESALE

Join us as we commit to fair trade and eco-friendly practices in a bid to bring business back to its rightful place. Fair Trade is a growing movement supporting fair wages and conditions for producers in the developing world.

Factories and products certified 'Fair Trade', empower the consumer to choose products made under fair conditions. A business can only be certified Fair Trade if it demonstrates careful compliance to international standards for working conditions. It must also show a commitment to empowerment and poverty alleviation.

Freeset is committed to providing fair, living wages and a healthy working environment for all employees. Wages are well above the national minimum and all staff receive training, health care, child care, and savings plans.

Freeset is a member of the Fair Trade Federation, a U.S.-based network of fair trade businesses. We are in the process of applying for IFAT (The World Fair Trade Organization) certification, a rigorous process which gives you the customer confidence as you buy. The cotton in our Tee shirts is 100% FLO (Fair Trade Labeling Organizations) certified, which means it is fair trade from the grower to the finished product.

New range in store November 2010, 20 new styles for ultra stylish people.

ORGANIC

OUR STORY FREESET FAIR TRADE

SHOP

Our raw materials are sourced from suppliers who use sustainable farming and production processes. This means they avoid the use of chemicals, hormones and preservatives which damage the Earth and are harmful to people. Pesticides and fertilizers used to grow non-organic cotton have an extraordinary impact on the Earth and on those who work it. That's why Freeset sources 100% Ecocert organic cotton for t-shirts. The cotton is also dyed using a 100% organic process.
